

# God Gives Me Neighbors

Draw yourself listening to the firefighters.

**Neighbors Help Us**  
God wants us to help others.  
Color the helpers you see.

**Dear Family,**

After watching a neighbor weed her perennial garden, a child may strike up a conversation at dinner about how seeds grow into flowers. Such a neighbor has widened the child's horizon. Chat with your child to discover all the helpful people in his or her immediate world. Discuss how neighbors can help each other in many different ways.

# God Likes Neighbors to Help Us

Make a finger puppet of a neighbor who helps you.  
Cut out all the finger puppets.  
Act out stories about neighbors who help you.

# We Can Visit With Neighbors

Start at the school and use your finger to go places.
